

Healthy Schools Fund

Grants of up to £5,000
for primary schools in Salford

Supported by

Grants of up to £5,000 to help improve the health and wider wellbeing of your pupils

To give your school the best chance of success, please read the following guidance notes and criteria carefully.

If you have any questions about the fund, please contact Lucy Sutcliffe on 0161 787 7795 lucy.sutcliffe@salfordcvs.co.uk or the CVS Grants Team on 0161 787 7795 or email grants@salfordcvs.co.uk

What is the LPoH Healthy Schools Fund?

The Healthy Schools Fund is a small grants pot for primary schools in Salford. Schools can apply to deliver activities that meet the fund's priorities (see below) and which ultimately improve the health and wellbeing of children in Salford. The fund may represent an opportunity to try a new approach. Remember we want to fund you to make a difference to your pupils.

Schools can submit a bid individually (£5,000 max), or apply together as a cluster (£5,000 max per school).

Eligibility for funding

Applications will only be accepted from primary schools in Salford. Only one application per school can be submitted, schools cannot be named in both individual bids and cluster bids.

What are the priorities for the Healthy Schools Fund?

All applications must address one or more of priorities below:

- Increased numbers of children taking part in health and wellbeing activities
- Improved health and wider wellbeing of Salford's children
- Increased confidence of children
- Improved mental health and emotional wellbeing of children
- Increased family engagement in the life of the school

How much can you apply for?

You can bid for a maximum of £5,000 per school. Bids will be accepted from schools working together up to a maximum of £5,000 per school (in which case a lead school should be nominated to submit the bid, but each of the schools involved should be clearly identified in the project description, and signatures are required from the head teacher and school nurse of each of the schools involved).

Application Form Guidance

Project Description

Please outline what you intend to do in the project and how you will deliver it. Remember to include details of how many sessions will be delivered and over what period (e.g. 1 x 2hr session a week for 10 weeks). Also describe who will be delivering the project (e.g. staff, volunteers, external sessional staff etc.)

Project Outcomes

It is vital that your project addresses the priority outcomes for children in Salford. If you feel you need assistance please contact Lucy Sutcliffe, Healthy Schools Development Worker (for contact details see previous page).

Maximising the benefits for Salford

We are keen to see all projects contribute to improving the social, economic and environmental wellbeing of Salford. This is sometimes referred to as 'social value'. By making small changes at the design stage, you can make a big difference in helping create added social value in Salford. For practical suggestions please see the 'Social in Salford' sheet on page 4.

About Project Beneficiaries and Sustainability

Please state clearly how many will be benefitting from this project in terms of both children and families. All health and wellbeing projects should be discussed with your school nurse; please give their details. Please explain how the project might be sustained beyond the end of this funding. Will there be a lasting impact?

About Money

Please apply for the amount you actually need for your project and break these costs down in your application. Please state any match funding that is supporting this work.

Deadline for applications

The deadline for this fund is 12.00noon on **Monday 25th June 2018**. Please email your completed application form and any supporting documentation to: grants@salfordcvs.co.uk

Calling all schools in Salford...

Unleash your creativity and go **Social in Salford**

When **planning your project** have a think about how you can deliver your activities for the benefit of Salford

You could support wider community / voluntary organisations and independent local businesses by shopping locally and keeping the money in Salford!

You can also do your bit for the environment by choosing greener products as well as reusing, recycling or composting any waste.

You might be able to involve new or existing volunteers in the project or help staff develop new skills.

One way of describing these added benefits is 'social value'.

Spending for Social Value in Salford

Your budget can be used to make a difference across Salford. Here's a few ideas of how to turn your spending social:

Refreshments Will refreshments be healthy? Will you include vegetarian, vegan, kosher and halal options? Will you be supporting local, independent shops or businesses?

Promotional material Have a think how you can support local printers or suppliers. Will you be using recycling paper, card or other materials?

General merchandise Whilst the vast majority of merchandise is manufactured in the far east, you can still do your bit for Salford and support local suppliers and shops.

Awards and Certificates These could be hand-made by local people, and reflect the culture of Salford.

Venue Hire Hiring community owned or managed venues helps maintain Salford's important assets.

...plus lots of other amazingly creative ideas from your project team!
