

# Crisis Resolution Salford CVS – Let's Face the Music!

**With help from the hits of the 70's and 80's**

**You got the  
power**

Whatever is happening, however difficult it seems, you the committee in charge of the organisations are the ones with the most tools to sort it out.

**When the going  
gets tough**

It is probably not going to be easy and sometimes the solutions aren't the ones you may have wanted but the only way to make any change is to get involved and tackle the issue.

**Stuck in the  
middle with you**

You're not alone! As well as your fellow committee members you have us, at Salford CVS we can help you, work out what is happening and what your options are.

**The long and  
winding road**

Most solutions take work and most importantly a commitment to deal not only with the problem but with the causes of the problem.

**Never gonna  
give you up**

Bit of less welcome news, if you were a trustee during the creation of the problem, leaving the board will not let you off the consequences, so it's much better to be part of the solution.

**Ch.. Ch.. Ch..  
Ch.. Changes**

Most organisations will adapt and put in mechanisms to change and move on, some may merge and a small number will cease to be. Whatever happens, remember all the good work you have done and the impact on people's lives is real and has made a difference.

**Here comes the  
Sun**

Whatever happens, tackling the problem will lift a weight from your shoulders. it will help you protect the legacy of the work you have done and the people your organisation has benefited.
