Salford CVS
Making a difference in Salford

Teresa Pepper

Salford CVS Trustee

What motivated you to become a trustee for Salford CVS?

I became aware of Salford CVS when I became a councillor in 2022 and attended their annual conference. I was absolutely blown away by the variety of organisations that were affiliated and attended the conference. The range of community support for vulnerable people in Salford was vast. It is an invaluable organisation that adds so much to the rich tapestry of Salford in so many ways form practical support, health and wellbeing and very importantly adding social capital for residents. This is what inspired me to become a Trustee and see what I could do to help.

Thank you to our trustee Teresa for your continued support!
