

'The World from Our Window'

**Online Zoom Workshop
Tuesday 9 February
Fortnightly for 3 months**

Could you help to shape this new group and interactive sessions by sharing your ideas, tips and creativity?

The group will offer support to encourage 'complete novices' at growing their own or identifying the wildlife outside, right through to those with 'green fingers' or 'wildlife experts'.

Whether you step into your garden or local park or view the world through your window, there will be something for everyone so please join us.

Date: **Tuesday 9 February 11.00 am**

Platform: **Zoom**

To confirm your attendance and to receive the login details, please email Dssadmin@ageuksalford.org.uk or phone/text 07928826036
